A-2: You may have more than one provider. Hunt County requests that you use the state provided E-file Service Provider (EFSP) efile.TXCourts.gov for court appointed cases as no service provider fees are assessed for filing.

7. How do I submit proposed orders?

A: Use filing code "Proposed Order". The file mark on the proposed order will be removed by the clerk and presented to the Judge for review. If signed, the clerk will enter the order under the appropriate filing code using the date signed by the Judge and will have available to the filer either by notification or providing access to the order.

8. My motion requires a hearing date and time (setting). How is that handled?

A: The Motion and proposed Order must be e-filed as separate lead documents. The

proposed Order will be presented to the Judge for completion.

9. Do I have to file a Civil Case Information Sheet?

A: Yes, according to TRCP 76(a), a Civil Case Information Sheet must be filed with a new case/Petition. This should be filed as an attachment or separate document and not the first page of the pleading to ensure the pleading receives a file mark.

10. What if I am not sure about which Case Type to select on the Case Information Sheet and when e-filing?

A: Select what you believe to be the closes match. If the clerk believes something fits it better, it can be modified accordingly after filing.

11. What if I am not sure if my document requires a filing fee?

A: Filing fees have been configured to coordinate with e-filing when the case or subsequent filing is filed. You may also contact the clerk's office to confirm the amount prior to filing. If a filing fee is not paid when submitted the clerk may return for correction.

12. What if I file a document and choose an improper filing code and do not pay the proper filing fee?

A: If the actual fee is less, the clerk will change to the appropriate filing code assessing the lesser, correct amount and accept the filing. If the actual fee is more, the clerk will return the document for correction and will notify the filer of the proper fees due. This may vary from county to county depending on their business practices.

13. I need to file an Answer and Counterclaim/Cross Action. How is that handled?

A: If you are including the Counterclaim/Cross Action as part of your Answer, you must select Counterclaim or Cross Action in order to pay the required filing fee. If the filing fee is not paid, the filing will be returned for correction. If you are filing two documents, file the Answer and the Counterclaim or Cross Action separately as lead documents by selecting the proper filing code for each document. Type the entire title of the document using proper case under filing description or other comment field depending on your EFSP to ensure accuracy.

14. How is a pleading handled that requires immediate attention (ie: Temporary Restraining Order or Protective Order)?

A: Pleadings submitted using proper filing types as set out by the Technology Standards and service types will be processed as a priority. It is not necessary for you to personally present a TRO or PO. If there are questions, the court will contact you. If signed, the clerk will enter the order under the appropriate filing code using the date of the Judge's signature. Proper service will be issued and processed as instructed by the filer. If you do not get confirmation back of the process being completed in a timely fashion call the clerk's office.

15. What if I am filing a case with an Affidavit of Indigence? How are the fees handled?

A: You will choose the payment selection as provided by your EFSP for exempt filing fees (ex. Waiver). If a completed Affidavit of Indigence is not included, the filing will be returned for correction.

16. When requesting issuance/service (ex. Citation, Precept. Show Cause, Temporary Restraining Order), how do I provide the copy of the Petition/Document that is to be attached to the Process?

A: This may vary from county to county as business processes will differ.

2. Request the service be submitted back to you electronically, and you may print the service and document and forward to the process server, constable or sheriff.

17. How do I pay for a copy of the pleading to be attached?

A: The fee for a copy of a pleading on file is a charge per page. A: No, if a document needs to be filed in multiple cases, it must be e-filed in each case (separate envelopes).

23. Do I need to enter a "filing description" for each document submitted?

A: Most counties request the entire pleading title to be entered under both "filing description" and "description" area found under lead document to ensure accuracy. This may vary from county to county depending on their business practices.

24. How do I know which Service options to choose if several options are listed?

A: Select the one that is what you believe fits your request the most accurately. The clerk once received, may refine if needed. You may also contact the clerk's office prior to request.

25. What is the "Service" tab used for?

A: This tab is not to be used for personal process service. This tab is used to e-mail service notice to an attorney that is registered to receive electronic service as required by TRCP 21(a). This is similar to the paper process "Certificate of Delivery" that is generally contained on documents filed with the court.
