Re: Reduction of Official COVID-19 Results in Hunt County

---

On March 27, 2020, the state reported that Hunt County had a second positive COVID-19 test result. However, the Hunt County Health Department completed an initial investigation and determined that the individual in question, who was not tested locally, moved away from that location over a year ago. The state has been notified and has corrected the number back to one positive test result on the state website. The state's website includes a map that can be accessed at "[dshs.state.tx.us/coronavirus](https://dshs.state.tx.us/coronavirus)" by clicking on the "Texas Case Counts" link.
