Re: 7 New Positive COVID-19 Test Results in Hunt County

7 new positive test results for COVID-19 have been reported in Hunt County. The Hunt County Health Department completed an initial investigation and determined that the individuals in question reside in Hunt County. The general information for the 7 new patients is as follows:

<u>Tracked Case</u>	<u>Age Range</u>	<u>Gender</u>	<u>ZIP Code</u>	<u>Status</u>
124 (reassigned)	50-64	F	75402	Recovering at Home
131 (reassigned)	31-49	M	75402	Recovering at Home
132 (reassigned)	18-30	M	75474	Recovering at Home
227	31-49	F	75402	Recovering at Home
228	50-64	F	75402	Recovering at Home
229	31-49	F	75402	Recovering at Home
230	0-17	F	75402	Recovering at Home

A total of eight Hunt County residents are now hospitalized. Because three of the earlier Tracked Cases were either outside of the County or tested negative, there have been a total of 227 positive cases of Hunt County residents to date.

Separately, Hunt County will also release a press release tonight regarding an outbreak at an assisted living facility involving 26 individuals. 25 of those positive results are not yet included in the state's official results, and so are not included in these numbers.

Each morning, the County will release and post on its website a new set of numbers and charts showing the total number of cases, including the status and ZIP Codes of those cases. The state's website includes a map which may be accessed at "dshs.state.tx.us/coronavirus" by clicking on the "Texas Case Counts" link.
