Re: Eight New Positive COVID-19 Test Results in Hunt County, and One New Fatality

---

Eight new positive test results for COVID-19 have been reported in Hunt County. The Hunt County Health Department completed an initial investigation and determined that the individuals in question reside in Hunt County. The general information for the eight new patients is as follows:

Tracked Case #110 – Female, aged 31-49, ZIP Code 75401, recovering at home;

Tracked Case #111 – Male, aged 50-64, ZIP Code 75401, recovering at home;

Tracked Case #112 – Female, aged 31-49, ZIP Code 75401, recovering at home;

Tracked Case #113 – Male, aged 31-49, ZIP Code 75401, recovering at home;

Tracked Case #114 – Male, aged 31-49, ZIP Code 75496, recovering at home;

Tracked Case #115 – Male, aged 0-17, ZIP Code 75401, recovering at home;

Tracked Case #116 – Female, aged 0-17, ZIP Code 75401, recovering at home;

Tracked Case #117 – Male, aged 0-17, ZIP Code 75401, recovering at home.

Also, Tracked Case #82 died last night in a Dallas hospital. She had underlying health conditions.

Because three of the earlier Tracked Cases were either outside of the County or tested negative, there have been a total of 114 positive cases of Hunt County residents to date.

Each morning, the County will release and post on its website a new set of numbers and charts showing the total number of cases, including the status and ZIP Codes of those cases. The state’s website includes a map which may be accessed at [dshs.state.tx.us/coronavirus](https://dshs.state.tx.us/coronavirus) by clicking on the “Texas Case Counts” link.
