Hunt County Thoroughfare Planning Public Meetings

Planning is under way to address long-term mobility and need for roadways across Hunt County. A county-wide plan is being prepared that will coordinate with locally adopted city plans, as well as plans and programs of adjacent counties and TxDOT. The Hunt County Plan will place an emphasis on county-wide mobility and connectivity, will serve to guide county growth and development, and identify the general location and type of thoroughfares needed to address anticipated short- and long-range growth. The Hunt County Thoroughfare Plan is expected to be completed in November 2021.
