

File court documents anytime, anywhere with eFileTexas.gov

The Texas Supreme Court requires that e-filing be used for civil matters. As of January 1, 2014 this applies to the 10 largest counties, the Supreme Court and all appellate courts. Mandatory e-filing will be extended to other counties on a graduated schedule through 2016. Once implemented, paper will no longer be accepted at the clerk's counter. All electronic filing will be processed through eFileTexas.gov.

eFileTexas.gov benefits include:

- Full integration with e-filing service providers – no need to switch
- Low cost filing any time, from any Internet-ready computer
- Enhanced reporting and financial reconciliation
- Quick access to file-stamped copies of your court documents
- Comprehensive training and support materials, including web-based tutorials
