The SILENT SENTINEL program is designed to let the Hunt County Sheriff Office be aware that your residence will be vacant. By completing the form and signing below you are inviting a Deputy to enter the property and fully check the area for anything out of place or suspicious. This is not a guarantee that the property you have described will not fall victim to a crime, but will assure you that an increased patrol in your neighborhood while you are away will be done. Please mail or return this form to the Sheriff's Office during normal business hours. You may also give this to any Deputy.
