Re: Three New Positive COVID-19 Test Results in Hunt County, and
Replacement of Prior Case

Three new positive test results for COVID-19 have been reported in Hunt County. The Hunt County Health Department completed an initial investigation and determined that the individuals in question reside in Hunt County. One previously-reported case is being removed from the County's tracking – Tracked Case 87. It was determined that person lives just outside the County's limits. That issues has been corrected in the state's records. The general information for the three new patients is as follows:

Tracked Case #87 (replacement of previous tracked case) – Male, aged 65+,
ZIP Code 75401, recovering at home;

Tracked Case #93 – Male, aged 0-17, ZIP Code 75401, recovering at home; and

Tracked Case #94 – Female, aged 18-30, ZIP Code 75401, recovering at home.

Because three of the earlier Tracked Cases were either outside of the County or tested negative, there have been a total of 91 positive cases of Hunt County residents.

Each morning, the County will release and post on its website a new set of numbers and charts showing the total number of cases, including the status and ZIP Codes of those cases. The state's website includes a map which may be accessed at "dshs.state.tx.us/coronavirus" by clicking on the "Texas Case Counts" link.
